29 November 2008

Resolution on

**Provision of Interpretation of APA Debates into
Languages Other than the APA Official Languages**

We, the Members of the Asian Parliamentary Assembly,

Inspired by the Charter of the Asian Parliamentary Assembly,

Reaffirming the importance of interaction and dialogue among delegates of Member Parliaments,

Cognizant of the need to enrich deliberations, exchange of views and debates in the increasing number of APA meetings,

Decide to arrange for simultaneous interpretation of debates in the APA meetings into languages other than the APA official languages, with the provision that the relevant Member Parliament provide interpreters, and the meetings' Host Parliaments make technical facilities available.
