

Draft Resolution on “The Role of APA Parliaments in Supporting the Implementation of the Sustainable Development Goals”

We, the Members of the Asian Parliamentary Assembly,

Acknowledging the outcome document of the United Nations Summit for the adoption of Post-2015 Development Agenda entitled “*Transforming our world: the 2030 Agenda for Sustainable Development*,” adopted in September 2015,

Referring to the Inter-Parliamentary Union (IPU) Hanoi Declaration on The Sustainable Development Goals: Turning Words into Action, adopted at its 132nd Assembly, held in Hanoi, Vietnam, March 2015; and other relevant inter-parliamentary organizations resolutions,

Reaffirming its resolution 70/1 of 25 September 2015, entitled “Transforming our world: the 2030 Agenda for Sustainable Development” eradicating poverty in all its forms and dimensions, including extreme poverty, is the greatest global challenge and an indispensable requirement for sustainable development, its commitment to achieving sustainable development in its three dimensions — economic, social and environmental — in a balanced and integrated manner, and to building upon the achievements of the Millennium Development Goals and seeking to address their unfinished business,

Being convinced that the SDGs are integrated and indivisible, global in nature and universally applicable, upholding the principle of common but differentiated responsibility, taking into account different national capacities, levels of development, and respecting national policies and priorities,

Underlining that strong political will and leadership of the parliaments and governments are essential for the achievement of the SDGs,

Emphasizing the need for a solidarity among governments, parliaments and the people to recognize the importance of the development particularly in the areas of health, education, housing, food security, nutrition and environmental sustainability,

Noting the significant progress made by countries in strengthening their public-private partnership readiness and institutional capacities through legislation and establishment of public-private partnership units in relevant government departments,

Welcoming the establishment of the Sustainable Development Goals Commission in each Asian parliaments as the best practices to pursue the objectives of the SDGs at national level,

Bearing in mind that the unprecedented outbreak of the Covid-19 pandemic, and the disastrous effects it has caused throughout the world, have made achieving the sustainable development goals more difficult, given that the economic, social and humanitarian impacts resulting from the pandemic have eroded the efforts made at the level of the Asian continent to achieve the sustainable development goals, and therefore most Asian governments alone will not be able to reverse that impact, which requires uniting their efforts and mobilizing their resources in order to achieve the sustainable development goals,

Noting that, over the course of thirty years, human development rates have been achieving gains year by year at an average global level, but the negative impact of the Covid-19 pandemic on the health, education and income levels has changed this continuous trend of gains and has even reversed it in many Asian countries, whereas many countries are witnessing a significant decline in the areas of basic human development, in the largest decline ever recorded,

We therefore,

1. *Endorse* the 2030 Agenda for Sustainable Development, the outcome document of the UN Summit which adopted the SDGs as the new development frame work for 2015- 2030. The list of the SDGs is annexed;
2. *Urge* APA Member Parliaments to uphold Parliamentary Diplomacy as an instrument to improve the implementation of SDG's in general and APA priorities including environmental protection, poverty eradication, protection of the safety of energy market in Asia, economic growth of APA Member States and preventing of Water crisis in particular;
3. *Invite* APA Members States to review and assess opportunities and legislative gaps to engage the private sector to invest in infrastructure on a sustainable basis;
4. *Call upon* Member Parliaments to develop strategies in support of government efforts regarding SDGs, and how to expand the use of clean and renewable energy such as solar, hydro and wind energy;
5. *Decide* to be actively involved in the integration of SDGs into national development programs and the formulation of national policies to support the mainstreaming and implementation of SDGs;
6. *Invite* APA members to involve all actors in sustainable development consideration to ensure transparency and accountability in the implementation process;
7. *Urge* the Asian Parliaments to contribute to the national efforts towards achieving the SDGs including through the establishment of the appropriate mechanisms to monitor the implementation of the 2030 Sustainable Development Agenda at national level;
8. *Recommend* to Asian Parliaments and Governments to consider establishing an

Asian information center in order to provide independent, scientific and reliable data and analytical information in reference to sustainable development indicators;

9. *Call upon* APA Members to provide adequate budgetary resources and adopt legislations which are relevant to support and monitor the successful implementation of the SDGs;
10. *Resolve* to strengthen the role of national parliaments in promoting of SDGs so that people understand that the SDGs are relevant to their lives;
11. *Request* the Standing Committees of APA to deliberate in a comprehensive manner issues of SDGs which are relevant to the work of their committees;
12. *Recognize* Parliaments role in the private sector, by promoting national expenditure policies, through parliament's regulatory roles, particularly regarding the discussion and adoption of budgets and final accounts, and for the endorsement of investment laws, supply of sufficient incentives and securities for private sector growth;
13. *Stress* the importance to develop data and indicators to setup a proper follow-up mechanism on the implementation of SDGs and the need to strengthen statistical capacities of all countries to support the progress;
14. *Call upon* parliaments to contribute, through its roles, to highlight the priority to the enhancement of sustainable agriculture as food security, will constitute the most insistent problem of future sustainable development objectives;
15. *Urge* Asian governments to engage in bilateral, regional or multilateral partnerships in order to build infrastructures and sustainable development projects, using governmental and sovereign funds;
16. *Circulate and exchange* the experiences, procedures and measures that represent successful models in the field of sustainable development among all members of the association in order to benefit, replicate, build upon and be guided by them;
17. *Call Upon* APA member states to strengthen regional economic cooperation and integration to enhance regional connectivity in supporting the implementation of the SDGs;
18. *Call on* Asian countries to adopt a coordinated and comprehensive multilateral response in the face of the COVID-19 pandemic that puts the achievement of the Sustainable Development Goals back on track; Under the leadership, insight, innovation and adequate, coordinated and coherent financing, and cooperation between all governments and stakeholders, and with the participation of the United Nations bodies and other relevant intergovernmental and regional bodies, and relevant civil society institutions, affirming the principle of partnership and joint

Asian ownership;

19. *Request* all APA Member Parliaments to report their achievements in the implementation of the SDGs to the APA Secretariat in order to provide information for further discussion in the next Economic and Sustainable Development Standing Committee upcoming meetings.
